REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

Claims 1, 2 and 5-16, renumbered as claims 1-14, are allowed since the instant compounds are neither disclosed nor obvious over the prior art. In the prior art, Lubisch (U.S. Patent no. 6,414,157) discloses 3-substituted tetrahydropyridopyrimidinone derivatives which are closely related to the instant compounds. However, the closely related compounds (see compounds 61-108 and 199-219 in the table in columns 11-18) disclosed by Lubisch differ from the instant compounds in having a different Q variable attached to the N and furthermore, there is no teaching, suggestion or motivation in the prior art to modify the compounds of Lubisch to prepare the instant compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
